2. Messrs. Saunders and [REDACTED] and I went to the Bureau of the Budget for a general discussion. Among other things we were advised that it was the official position of the Bureau of the Budget that no federal funds were to be expended during Fiscal Years 1954 or 1955 for the construction of new buildings. However, if an individual Agency, such as CIA, could work out a lease-purchase arrangement or long term lease with private capital it would probably be favorably considered by the Bureau of the Budget. I asked whether there might be any possibility of using unexpended parts of our Reserve for such a project. Mr. [REDACTED] thought that this was not impossible but that it would, of course, have to be discussed with Mr. Dodge. H
